PROFESSIONAL SUMMARY

Technology leader and hands-on engineer with 18+ years building and operating business systems, software platforms, and integrations. I have led small engineering teams, owned company-wide Salesforce and technology stacks, and served as a fractional CTO for long-running client engagements. My work spans architecture and delivery oversight through production code, data migrations, reporting, cloud infrastructure, and AI automation.

WAYS I HELP CLIENTS

Fractional technology leadership: Architecture reviews · Technical roadmaps · Team and vendor oversight · Delivery standards · Budget and platform decisions

Software engineering: REST APIs · Full-stack applications · Data platforms and migrations · Cloud deployment · Production troubleshooting

Business systems: Salesforce architecture and development · CRM integrations · Order-to-cash workflows · Executive reporting · AI and workflow automation

SELECTED FRACTIONAL AND PRODUCT WORK

CREDILIT S.A. — Montevideo, Uruguay

2014 – 2025

Fractional CTO

- Led a Salesforce-centered modernization of a credit administrator, replacing manual loan-origination workflows with client and partner self-service.
- Built ASP.NET MVC portals connected to live Salesforce records and automated accounting workflows; the program saved more than $20K annually.
- Owned application architecture and delivery across Salesforce, Azure, C#/.NET, SQL Server, and REST APIs.

DENTALMARKETING.NET / 123 POSTCARDS — Heber City, Utah

2021 – 2023 fractional; 2013 – 2019 staff

Fractional CTO · Previously Team Leader and Developer

- Modernized campaign and CRM reporting with governed .NET Web APIs and executive and client-facing dashboards.
- Built a Salesforce-integrated data platform and redesigned call scoring; the reported outcomes were 30% greater productivity and 60% greater call-scoring efficiency.
- Led distributed engineering delivery across India, Nepal, and the Philippines.

OPENAVA

2024 – Present

Founder and Owner

- Built a multi-tenant, white-label platform shipping as Ava CRM and Agency OS, with PostgreSQL tenant isolation, a versioned REST API, and React/TypeScript front ends.
- Designed custom objects and fields, shared business modules, and a bring-your-own-key model for AI features.

RECENT EMPLOYMENT

VANTA

September 2026 – Present

Salesforce Platform Engineer

GARGLE, INC — Lehi, Utah

January 2020 – July 2026

Senior Engineer · IT & Development Manager · Salesforce Advanced Administrator

- Owned Salesforce and the surrounding business technology stack across 15+ integrated platforms, including finance, telephony, reporting, and cloud systems.
- Led a five-person development and analytics team; reduced technology spend 75% through consolidation and license optimization.
- Delivered zero-downtime Salesforce org merges and splits and executive client-health reporting associated with a 20% increase in retention.

CORE TECHNOLOGIES

Salesforce: Apex · Lightning Web Components · Flows · SOQL/SOSL · Sales and Service Cloud · REST integrations
Engineering: TypeScript · Node.js · Python · React · C#/.NET · PostgreSQL · SQL Server · REST APIs
Cloud and delivery: AWS · Azure · GCP · Cloudflare Workers/Pages/D1/R2 · Docker · GitHub Actions · CI/CD
AI and automation: LLM workflows · n8n · Zapier · Claude Code

CERTIFICATIONS & DIPLOMAS

Salesforce Certified Platform Developer — Salesforce · Jul 2026 · Credential ID 7976268
Salesforce Certified Platform Administrator II — Salesforce · Aug 2026 · Credential ID 7988640
Salesforce Certified Platform Administrator — Salesforce · Jul 2026 · Credential ID 7967987
Machine Learning & AI with Python — Harvard University — CS109x · 2024 · Diploma awarded
Full Stack Development (MERN) — MIT xPro · 2021 · 100% on final capstone

EDUCATION & PROFESSIONAL DEVELOPMENT

Bachelor's Degree in Computer Science — Universidad del Trabajo del Uruguay (UTU) · 2008

U.S. Academic Equivalency — Bachelor of Science in Computer Science, concentrations in Software Development & Entrepreneurship · Evaluated 2024 by a professor of the Murray Koppelman School of Business, Brooklyn College (CUNY)

Professional development: The Cybersecurity Threat Landscape · SOC 2 Compliance Essential Training — LinkedIn, 2026

Technical training: Microsoft C# & WPF — LATU, Montevideo · 2009–2010 · ERP Development, SQL Server 2000 & Visual Basic 6 — Assist Ltda · 2007
